

1.1 levels of organization  
cell → org. sp. → org → tissue → cell →  
organism → Atom  
Biosphere → Caspian → pop → Comm.  
Habitat → organism

Both. 2: Evapotranspiration  
  
Redwood  
needles at top  
(with more sun)  
tree are shaggy  
(little)  
Oak  
- Crown is smaller  
→ Root 1<sup>st</sup>  
WAXY

Go Lemmings!

Both. 3: ROOT  
  
Redwood  
Wide Roots  
+ : Sweaty/Windy  
- : Can't reach ground water  
Oak  
Deeper  
+ : Access Deep Water  
- : Lots of energy to grow  
Swamp
